Depositions Completed.

Depositions in the chancery cause of Avery et al. vs. Tartt et al., which at intervals have been in progress for some weeks, were concluded yesterday and it is expected the argument in the cause will be heard in the Hastings Court the latter part of this month. Judge J. F. West will sit in the case in place of Judge Mullen, who declined to sit further.

This suit involves the possession and control of the Harrison Street Colored Baptist Church, and the ousting of Pastor Eli Tartt and his officers, who are now in control of the church. Smith, Moncreaf & Gordon, of Richmond, are counsel for the plaintiffs, and R. B. Davis and Paul Pettit for the defendants.

The annual meeting of the Ladies' Confederate Memorial Association was held yesterday afternoon and after the transaction of other business officers for the ensuing year were elected as follows: President, Mrs. L. L. Marks; First Vice-President, Mrs. David Calender; Second Vice-President, Mrs. Wm. L. Badger; Recording Secretary, Mrs. Shelton Chives; Corresponding Secretary, Mrs. Maria Alexander; Treasurer, Mrs. Chas. W. Kirkham.

The association will hold its efforts to complete the installation of State memorial windows in old Blandford Church, those from Florida, Georgia and Texas not yet having been furnished.

DUMFONDED AT POSLAM'S RESULTS

Effectiveness of a New Healing Agent Occasionally General Surprise.

"I was perfectly dumfounded at its results," says Mr. C. E. Thornton, Philadelphia, Pa., who had suffered for ten years from eczema, tried all kinds of remedies and was cured in one month after a few applications of poslam, the new skin remedy.

The rapidity and effectiveness with which poslam works is a source of surprise and gratification to sufferers from every surface skin disease—eczema, acne, tetter, scabies, rash, etc. This wonderful healing agent is active from the first application, when all itching is stopped, until a complete cure is effected. And its range of usefulness includes every variety of skin affection, from pimples, rash, red nose, inflamed complexion, etc., to those virulent and chronic troubles which cause such great distress.

To fully appreciate what poslam will do, obtain one of the free samples by writing to the Emergency Laboratories, 22 West Twenty-fifth Street, New York City. This alone is sufficient to cure a small eczema surface, clear the complexion and remove pimples. Trial copies as well as 311 other drugists everywhere, always carry poslam in two sizes, at 50 cents and \$2.

Personal and Otherwise.

Miss Sadie Peyser, formerly of Petersburg, died yesterday at her home in Newport News. The body will be brought here to-morrow afternoon and the interment will be in the Jewish Cemetery. Deceased was a sister of Dr. Mark W. Peyser, of Richmond.

The police commissioners will meet on Monday night to elect the entire police force, from the chief down. Much interest is felt in this election which is for a term of four years. But while it is reported there are a number of applicants for positions on the force, it is not believed that any of the officers or privates who have discharged their duty well will be turned down.

The Rev. P. R. Chenuault, the new pastor of Washington Street Methodist Episcopal Church, who succeeds the Rev. Thomas R. Reeves, has arrived in the city, and will enter on his duties to-morrow.

Children's Day exercises will be held in several of the Methodist churches in this city to-morrow, and interesting programs have been prepared.

The sales of loose tobacco at the warehouse this week were very light, reaching only 20,225 pounds, but these brought the aggregate sales for the season up to 7,016,250 pounds. Further sales this season will be only in scattering lots, as the crop is pretty well exhausted.

The electoral board has appointed judges and clerks to conduct the municipal election to be held next Tuesday. One member of the Board of Aldermen and two members of the Council are to be elected in each ward.

The monthly meeting of the Baptist Sunday School Association will be held to-morrow afternoon at Wood Lawn Baptist Church, near Swift Creek, in Chesterfield county.

TAX COMMISSION MEETING CALLED

New Body Will Assemble at Capitol on Morning of June 28.

"GUMSHOE" BOARD CALLED

Organization to Be Consummated—Increase in Richmond and Henrico Capital.

Governor Mann yesterday issued a call for the first meeting of the Virginia Tax Commission, to be held in his office at 10 o'clock on the morning of Tuesday, June 28. The commission goes into office on June 15, the date the act creating it becomes effective.

This body is composed of the following: William Hodges Mann as Governor of Virginia, J. Taylor Elyson as President of the Senate, Richard Evelyn Byrd as Speaker of the House of Delegates, Robert R. Prentiss as chairman of the State Corporation Commission, George B. Keezell as chairman of the Senate Finance Committee, and A. M. Bowman as chairman of the House Finance Committee.

It will be the duty of the commission at its first meeting to select a tax expert, to become a member of the body, at a salary of not exceeding \$200 a month. This expert will make a study of the tax laws in Virginia and other States, and will advise with the commission relative to the presentation to the next legislature of a complete set of statutes covering the problem of taxation.

Many of the foremost men in the State believe that the entire system in vogue is utterly antiquated and inefficient. Segregation of real estate and license taxes, in lieu thereof, an effective method of equalization, will unquestionably be given close attention. The failure of the last Legislature to pass any sort of equalization law has aroused indignation in some quarters, and it is believed that the issue cannot be avoided at the next session.

TO ADVANCE AGRICULTURE

United Board Will Hold First Formal Meeting June 28.

A call was also issued yesterday by the Governor for a meeting of the United Agricultural Board for 10 o'clock on Wednesday, June 28. It will also be held at the Governor's office. The purpose of this meeting is to organize the board and to formulate plans for the advancement of the agricultural interests of the State.

An informal meeting of the members of the United Agricultural Board has already been held, together with representatives of railroads and commercial bodies. The law creating the board, with all other acts not emergency ones, is effective June 15.

Plans are in consideration looking to a wide increase in the work of the Farmers' Institutes, by which the practical results of tests and demonstration work are made known to the farmers of the State.

BIG STOCK INCREASE

Richmond and Henrico Wants to Be Able to Spend \$1,250,000.

Application was made yesterday to the State Corporation Commission for an amendment to the charter of the Richmond and Henrico Railway Company, increasing the authorized capital stock from \$10,000 to \$1,250,000. This was accompanied by the requisite fee of \$550. Probably the amendment will be granted to-morrow.

At the same time Attorney S. L. Kelley presented an application for the domestication of the Blake Contracting Company, of New York, the concern which has the contract for building the railway of the Richmond and Henrico Company. W. S. Forbes is president. Mr. Kelley is named as statutory agent.

Governor's Trip.

Governor Mann will make an address to-day to the Sunday school of Grove Avenue Church.

To-night he goes to Harrisonburg, where he will spend two days at the closing exercises of the Normal and Industrial School for Girls. On Wednesday he will be at Salem, attending the finals of Roanoke College. The Governor will be back at the executive offices on Thursday morning.

Militia Doctors Assigned.

Orders were issued yesterday from the office of the Adjutant-General assigning Captain Frank H. Hancock, of the medical corps, to duty with the Virginia Coast Artillery, and Captain E. C. Tallafiero, of the same corps, to duty with the Fourth Virginia Infantry.

At Sanatorium.

State Health Commissioner Ennion C. Williams is at the Catwba Sanatorium, looking after the new building there. Sanitary Engineer Messitt is also spending a few days at Catwba, having charge of this part of the construction.

Will Talk to Farmers.

Commissioner of Agriculture Koerner has accepted an invitation to address a gathering of farmers at Sandy Hook, in Gloucester county. This will occur on the glorious Fourth.

Goes to New York.

Commissioner of Insurance Joseph Button left last night for New York, where he will spend several days this week attending the annual convention of the National Association of State Insurance Commissioners.

Judge Sanders Here.

Judge J. M. Sanders, former president of the Supreme Court of West Virginia, now a practicing attorney of Bluefield, was a visitor at the Capitol yesterday.

WORK FOR BETTER ROADS.

Movement On to Organize Association in Beaufort County.

(Special to The Times-Dispatch.)

Washington, N. C., June 11.—A movement is on foot in this city to organize a good roads association for this county. Secretary A. C. Hathaway, of the Chamber of Commerce, of this city, is the chief promoter of the prospective association. The association, when perfected, will be known as the Beaufort County Good Roads Association, and it will be the purpose of the association to greatly improve the roads throughout Beaufort county. This is a movement which should meet with the hearty approval and co-operation of all the citizens of Beaufort county, and especially the farmers, who will be the chief ones benefited by the movement.

The secretary states that at present it is not the idea of the Good Roads Association to take up the roads by taxation, but that this county can with no more expense than she is under to-day, make her roads twice
